

Court of Appeals, State of Michigan

ORDER

Michael Moran v Dennis Risser

Docket No. 296020

LC No. 07-012845-CZ

Kathleen Jansen
Presiding Judge

Mark J. Cavanagh

Henry William Saad
Judges

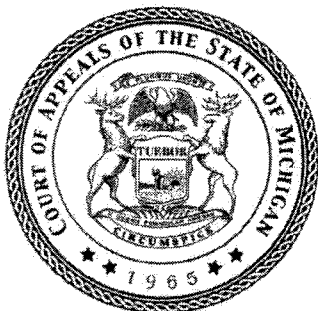

The motion for immediate consideration is GRANTED.

The application for leave to appeal is DENIED for failure to persuade the Court of the need for immediate appellate review. Depending on the circuit court's ultimate decision, an appeal of this discovery issue might be appropriate following the grant or denial of plaintiff's motion for JNOV and/or new trial. However, the circuit court has not yet decided this matter, and review of this discovery issue thus remains premature.

The motion to waive the stay requirements of MCR 7.209(A)(2) and (3) is GRANTED.

The motion for stay pending appeal is DENIED.

The motion for peremptory reversal pursuant to MCR 7.211(C)(4) is DENIED for failure to persuade the Court of the existence of manifest error requiring reversal and warranting peremptory relief without argument or formal submission.
